

**CUPE District Councils** are groups of CUPE locals from a particular region that work together on common issues. Our work includes community projects, political action at the local level, bargaining support and the promotion of strong public services and other CUPE ideals.

Chartered through the national union, district councils provide a strong voice for CUPE members in the communities they live and work in.

**we:**

- Improve the social and economic well-being of all our members;
- Promote equality for all members and oppose all types of harassment and discrimination;
- Promote the efficiency and value of public services; and
- Believe in the unity of organized labour.

All locals serviced by the CUPE Windsor Area Office can affiliate with us. Each affiliated local is entitled to four voting delegates at any Windsor District CUPE Council meeting.

**CUPE District Councils** can be of great importance to the communities in which we all live. However, we can only make a difference when local unions care enough to be part of building labour's voice in the community.

We are proud of the diverse makeup of our communities. We provide support on the issues of equity and social justice. We have joined with many others to demand that our public services are kept in public hands.

---

## **Working People Working Together for Stronger Communities**

---

### **Reasons to affiliate:**

1. Attend union education and leadership training
2. Political support and networking
